

Wiener Melange – Who lives where in Vienna?

Residential mix by place of birth – **Vienna**, **rest of Austria** and **abroad** – in Vienna, 1 January 2018

Vienna is a diverse city with respect to the place of birth of its population: a little less than 50% are born in **Vienna**, about a third is **foreign-born** while the rest (17%) is born in **other provinces of Austria**. The maps show the residential mix and concentration of the three groups in 23 municipal districts and 250 census districts of Vienna.

Methodology

The ternary colour-coded maps are based on the tricolore colour scheme developed by Jonas Schöley & Ilya Kashnitsky. Tricolore maps visualise ternary compositions, in this case three categories of province/country of birth of the population of Vienna, 1 January 2018.

Residential mix in 23 municipal districts of Vienna, 1 January 2018
